ABOUT ME

Self-motivated, hard-working individual with proficiency in **HTML**, **JavaScript**, **CSS** and **ReactJS** as well as strong ability to communicate and work in a team. Bringing **1.8 years** of experience and knowledge as well as ability in encoding virus-free and efficient code, seeks the position of **Front-end Web Developer**.

WORK EXPERIENCE

React Developer - ASDA (UK retail unit of Walmart) Tata Consultancy Services

- Developed **TMS App** (an internal web and mobile application of ASDA), used by shopkeepers to order items in bulk. A collection of admin roles are in place to accept, reject, and monitor orders, as well as configure specific sorts of ordering limitations.
- Developed **BWS Markdown App**, used by ASDA colleagues to scan and markdown the damaged products in store and after confirmation, the information is sent to the supplier for product return.

Database Migration - ASDA (UK retail unit of Walmart) Tata Consultancy Services

- Worked on the Db Migration of **NewsFlash App** (an internal web and mobile application of ASDA), from Maria Db to Axure SQL and successfully deliver it.
